

Spring Summer 2003

We are offering some pre-season discounts, which will expire June 9, 2003. The Deluxe cabins rent for \$80 per night, and the Riverfront cabins for \$125 per night. This is fantastic for a pre-season vacation!

The weather is warming up and spring is in the air! Come and enjoy a couple of days in Cooper Landing. Mother Nature is starting to awaken from her long winter's rest; birds are returning and the wildlife is busy making ready for this season's young. Experience Alaska in the spring; the Gray and Humpback Whales have been observed on the Kenai Fjords tours.

There are *Adventure Packages* available for this season, including flight services, lodging, guided fishing tours and boat rental. We would love to meet you. Fresh coffee is always brewed; so, stop by and have a cup!

With many projects to finish, we are taking advantage of the longer daylight and warmer weather. Our new Riverside cabin is about to get roofed, and will be expecting visitors by next season.

We are completing the siding on the new office with hand-milled, local spruce-lapped siding.

Final adjustments are being made to our website, www.ingrambasecamp.com. Please take a look!

In addition to our Cessna plane, we will be flying a Nordine Norsemen. The Norsemen is a Canadian bush plane, which will accommodate larger groups, heavier equipment and BIGGER trophies!

This year, we are offering *Adventure Packages* with many fly-out guided fishing trips and a Photo Safari with Alaska's Jim Oltersdorf, an outdoor "Master Photographer." With Jim's direction and either a beginner or an intermediate instructional class, you will be flown to a "Picture perfect" location where you may practice your new and improved photography competencies. For more information, please click the link from our main page.

The new picnic shelter will protect us from the rain, as we gather to share our day's adventure with each other. We have hand-crafted BBQ's/smokers and picnic tables under this picturesque shelter.

We are looking forward to meeting new folks and greeting our familiar friends this year. Ingram's is open all year with great off-season values.

Your hosts,
Diane, Steve and Tom
